### AUGER BITS

**No. 62T** — the original solid center auger bit. Made from special bit steel. Heat treated, tempered, hardened full length. Head has durable, long service double cutters and extension lips. Medium fast pitch screw for general purpose boring. Clear, open throat gives efficient chip clearance — no clogging, no binding. Carefully balanced, highly accurate, fast cutting. Polished and individually wrapped in waterproof paper. Approximate overall length: 7 1/2" to 9 1/2", depending on size.

**Sizes:** 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 20, 22, 24/16". Sizes 4/16" to 16/16" inclusive packaged 1/2 dozen to box. Larger sizes packaged 1/4 dozen to box.

### 62T BORCHEST SETS

professional woodworkers

**Gift-Boxed** in 13, 10 and 6 bit sets. See Irwin catalog for complete listing of sets and sizes.

### 62T BORKIT SETS

Available in 13, 10 and 6 bit sets. See Irwin catalog for complete listing of sets and sizes.

### D-13 SELL-O-BIT DISPLAY

Colorful metal display. Patented spring steel clips securely hold 13 regular 62T Irwin Auger Bits, sizes 1/4" to 1". Requires only inches of space. Screws on in a jiffy. Size markings shown to help customers make own bit selections. A proved sales builder.

### EXPANSIVE BITS

**Nos. 21 & 22 Micro-Dial Types** — patented and exclusive with Irwin. Extra blade supplied. Micrometer dial and positive lock device assure easy-set size selection. Drop forged, heat treated, hardened full length. Machined and sharpened for clean, fast cuts. Brightly polished, individually boxed.

**No. 21** — bores 5/8" to 1 3/4".  
**No. 22** — bores 7/8" to 3".

**Nos. 1 & 2 Lockhead Types** — recognized as standard in the field. Forged from solid steel bar to assure extra stability for cutters and shank. Heat treated and machine sharpened for fast, accurate boring action. Extra blade supplied. Boxed individually.

**No. 1** bores 5/8" to 1 1/2". **No. 2** bores 7/8" to 3".

### 18" CAR BITS

**No. 65T** — for construction and general heavy duty boring. Cuts deep, clean holes. Durable cutters and two extra-sharp spurs for fast boring action. Medium pitch screw point. Solid center design. Heat treated full length. Brightly polished. 12" twist, 18" overall.

**Sizes:** 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 20, 22 and 24/16". Sizes up to 16/16" inclusive packaged 1/2 dozen to box. Larger sizes 1/4 dozen to box.

**No. 515T** — ship head car bit. Single twist design. Heat treated full length. Hollows and edges ground and polished. 12" twist, 18" overall.

**Sizes:** 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 and 20/16". Sizes up to 16/16" inclusive packaged 1/2 dozen to box. Larger sizes 1/4 dozen to box.

### New Speedbor "88" Wood Bits for 1/4" Electric Drills

Exclusive hollow ground point and new spade-type cutters bore faster and deeper with less power—even in hardrock maple, plaster or plastics. Size markings on head. Hang-a-Bit hole for storing on nail or pin. Big market, big demand.

**Sizes:** 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16/16". **Packaged** 1/2 dozen to box.

#### SPEEDBOR "88" SETS
